WHAT'S NEW?

STREET SMARTS

Explore *The Streets of Old Detroit* with our new interactive tour experience! Look for QR codes (and phone numbers) throughout the exhibition to scan and learn more. Tour stops cover the history of Detroit institutions like Kresge's, Sanders, and Vernor's, tackle social topics like fashion, banking, recreation, jobs, and transportation, and explore major events like the great fire of 1870.

THIRTY-FIVE / 20

This dual anniversary exhibition celebrates the determination and triumph of the "Detroit Bad Boys" and the "Goin' to Work" Pistons teams. Separated by 15 years, the two championship squads shared a pleasure in mucking up the league's pretty offenses, and fans were thrilled by their hustle.

DETROIT'S BREWING HERITAGE

Learn more about the city's beer barons, neighborhood breweries and beer-drinking customs in *Detroit's Brewing Heritage*. Presented with support from Founders Brewing Co.

1975 AMC PACER

Its expansive windows earned it the nickname "fishbowl on wheels" and its roomy interior was nearly large as a contemporary Cadillac Eldorado. The AMC Pacer was the innovative small car created by Dick Teague, head of styling for American Motor Corporation, that became the hottest car of 1975 and one of the era's iconic designs. See the first production Pacer, which was also Teague's personal car, on display now.

DETROIT

Today, the Society manages the Dossin Great Lakes Museum and Detroit Historical Museum while caring for a collection of more than 250,000 historical artifacts.

DETROIT PERSPECTIVES

DETROIT HISTORICAL SOCIETY

This award-winning exhibition draws on hundreds of oral histories and community partnerships to understand the events of July 1967, what led up to them and where we are today.

Experience Detroit's fundamental role as a stop on the Underground Railroad, providing hope to a generation of people escaping enslavement.

Revisit one of the most powerful stories in the history of our region – the efforts of Detroiters to change the outcome of World War II, and the impact that the war had on the city.

Currently featuring the *Thirty-Five* | 20 exhibition!

THE MEIER CLOCK

A longtime favorite, see the amazing Meier Clock at its location in the landing between the first and second levels.

Travel through history from the place called *Waawiiyaataanong* or “where the river bends” by the First Peoples to a bustling industrial city named Detroit.

Explore the people and developments that made Detroit the automobile capital of the world, from the very first car to “cruise” down Woodward Avenue to recent technological advancements.

Immerse yourself in the dynamic culture of Detroit through the iconic people, places and moments that shape our understanding of the modern city.

MOTOR CITY MUSIC

Experience more than 100 years of Detroit music and explore the way in which song has inspired generations in this interactive gallery.

Don't miss our extensive display of historic and model trains from the personal collection of Alfred R. Glancy Jr. (1908–1973) – a family favorite for all ages.

Visit Kresge's “5 & 10 Cent” store, Sanders Confections and more as you stroll the streets of 19th and early 20th century Detroit in our signature exhibit.

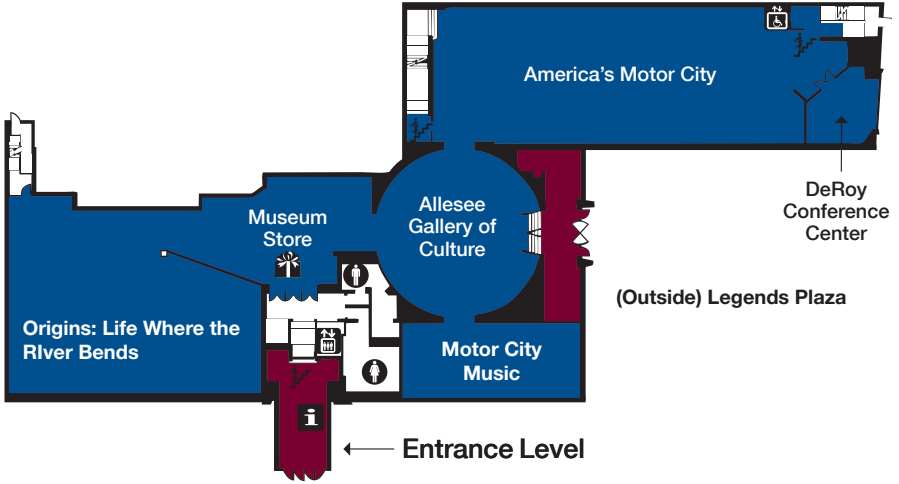

LEGENDS PLAZA

We cheered their accomplishments on the field, welcomed them into our lives through television and radio and were thrilled to see them perform on stage. Place your hands in the hand prints of some of Detroit's “legends” in our outdoor exhibit.
